B

CRISTÓBAL BALENCIAGA MUSEOA

TRANSMISSIONS

HERITAGE AND NEW CREATION

Exhibition
June 14 – September 2
2018

The TRANSMISSIONS exhibition is the result of an educational and creative project connecting the Cristóbal Balenciaga Museum and six prestigious fashion schools, with an experience of immersion in the philosophy, technique and biographical context of the master of haute couture.

By means of visits *in situ*, analysis of archive pieces, study of digital resources and an individual process of research and creative development, the participants in this collective show reflect their personal interpretation of Balenciaga's legacy.
